

Land for sale in Granada, Granada

995,000 €

Reference: R4215874 Plot Size: 200,000m²

Granada, Granada

It covers an area of 200,000 m², of which approximately 10,000 are classified as urban and more than 30,000 annexes are classified as developable. It has 1,000 olive trees in production and its own water well, as well as a modern drip irrigation system. The viability studies include a service station, as the new A-4/A-92 motorway has been planned for the area.

AGRICULTURAL PRODUCTION AND EXPLOITATION

Rustic plot

Nearly 1.000 olive trees of 50 years old in full production. It has its own legalised water well and a water deposit on the upper part, which allows the olive grove to be irrigated by gravity.

It is supplied with water and electricity.

URBAN FARM

Urban land of 10.000 metres unbuilt at the entrance of Iznalloz, within the perimeter delimited for this purpose by the municipality of Iznalloz, and 30.000 m² of urban land annexed.

It is supplied with water and electricity.
