Inland Almeria, Vélez-Rubio

In Vélez Rubio there is a monumental building that appeals to everyone's imagination. It is a mansion with beautiful doors, vaulted windows, with an enormous historical value. Many people stop in front of the door and try to catch a glimpse of what can be found inside through the windows. This property is in the need of reform, but once it is renovated it will be a show stopper. And that is not so strange. As soon as you enter the building you step into another era. The stained glass work, the vaulted doors, the enormous staircase that connects all the floors in the centre of the building. The old library where newspapers from the year 1933 can still be found, some paintings still hanging on the wall. This is clearly where a family of prestige lived who played an important role in Vélez Rubio, and perhaps even beyond. We are still investigating the history of this building, but we cannot refrain from sharing the photographs with you. So that you too can fantasize about what you could do with such a fantastic property. Because one thing is certain, this building deserves to be restored to its former glory and to take an important place again within the municipality of Vélez Rubio.
