About the House

With 100 m² of living space, this property has been carefully modernized while preserving the soul of its original design. Note: The house will be fully finished before handover, including:

Authentic fireplace for cozy evenings

Stylish bathroom with high-quality finishes

Fresh exterior – the entire facade will receive a new, low-maintenance paint layer

Every detail of the renovation was thoughtfully considered: original elements like wooden beams, natural stone walls, and traditional building techniques blend seamlessly with modern insulation and practical amenities. The result? Timeless charm paired with contemporary comfort, all without compromising its historic character.
