Axarquía, Canillas de Aceituno

Fantastic panoramic views over the hills of the Axarquía to the deep blue Mediterranean Sea, 40.147 m2 of land and free design possibilities of an original, Andalusian Finca. Does this sound like it could be the property for you? This charming 71 m2 finca from 1930 belongs to the well-known white village of Canillas de Aceituno. It offers a living area, two bedrooms and a bathroom. You have the possibility to completely renovate it and give it a new life. The typical Andalusian style is not often found in modern buildings. Here you have the chance to acquire a piece of history and start a new chapter with it. Another option is to demolish the building and build a new house on the fantastic plot. At the moment the property is not connected to water or electricity. However, it is possible to connect the house to the local electricity and water network. The choice is yours. Possibilities with this wonderful property are endless. We are pleased to be able to present this dream property to you soon, either personally or via virtual viewing. Because this world is unique - just like our Axarquía. In Andalusia. On the Costa del Sol. Here, on the sunny side of life...
