This beautiful historic building still contains all the ingredients from the period when it was still operational. It was built in 1900 and it is described as an industrial building with a built area of 842 m² on a 1000 m² plot. Inside is a true museum! Initially wine and olive oil was produced here and all barrels, presses, etc. are still in the building. This property offers many possibilities provided the necessary renovations and repairs. For example, it would be ideal for the establishment of a bodega / restaurant with an adjoining museum. Contact us for more information or a visit to the building.
