Costa del Sol, Manilva

Stop, stop, stop, look at this gem! A detached property near the famous Roman baths in Manilva on the Costa del Sol. It's a house with a large and beautiful plot with over 800m² of very well-maintained lawn, the total plot being 3500m². The house was originally 110m² interior with two bedrooms, but they then decided to enclose the large wrap-around porch and added another 80m² to the main house, creating a wonderful space for entertaining and family time. This part has a new, modern kitchen, a large storage room next to the kitchen, and the kitchen and living room, all open-plan with large windows where the morning sun comes in as it rises over the mountain. A 5-minute drive from the beach, 5 minutes from schools and shops, but also enjoying all the peace and quiet of the countryside. Very fertile land, with plenty of water, both from a well and mains water. Around the house is a garage, in very good condition for two cars, very spacious, a work area, a storage room, and a small well shed, all in working order. Above, there's a 60m² warehouse that's currently multipurpose, but there are options to convert it into a small apartment, for example. Water and electricity connections are available throughout the plot. It's a wonderful location with panoramic views and light, but also all the privacy one could ask for. The entire plot is surrounded by a large, high-quality wall for maximum security. It's a very beautiful and perfectly maintained house. Want to know more? Contact us NOW.
