Let me introduce you to this stunning property. This beautifully reformed farmhouse has been thoughtfully transformed into a charming 3/4 bedroom home. Upon entering through the front door, you are welcomed into a cosy living room featuring an open fireplace. From here, the staircase provides access either up to the first floor or down to the garage. Two doors also lead off this space one into the kitchen and the other into the dining room. To the left, you step into a delightful country-style kitchen, fitted with an electric oven, gas oven and hob, and an Aga. Double doors from the kitchen lead through to the dining room, creating a wonderful flow for entertaining. From the dining room, you continue into a hallway that includes a door to the outside, a downstairs bathroom with a shower, and access to the garage, which also houses a washing machine and sink. Returning to the staircase and ascending to the first floor, you find three doorways, each leading to different areas of the upper level. To the left is a spacious double bedroom with a large dressing room. To the right, there is an office area with built-in storage, a generous family bathroom with both bath and shower, a single bedroom, which is currently being used as a home gym. Going straight ahead at the top of the stairs leads you to another large bedroom with an en-suite shower room. From this room, you can enjoy views over the pool and walled patio area. A door at the end of the bedroom opens onto a private balcony, offering fantastic views of the surrounding countryside. External stairs from the balcony provide direct access to the outdoor spaces. Through the double wooden gates, you enter a pretty courtyard area, where stairs lead up to the private swimming pool. There is also an outbuilding currently used for storage. Returning to the courtyard, an archway brings you into a charming sitting area with a table and chairs. The lower level of the outbuilding features two additional rooms one of which contains the pool pump and equipment. Finally, a door leads back into the entrance hall, guiding you through the dining room and living room, and back to the front door. This property has been renovated to a high standard and is connected to mains water and electricity. It benefits from two electric water boilers, ensuring ample hot water supply throughout the home. Furniture is negotiable, offering flexibility for buyers looking for a move-in-ready option. At the front of the property sits a large outbuilding, which has its own escritura (title deed) and is officially listed as a Cortijo.
