This townhouse in the centre of Raspay offers a unique opportunity for those looking to invest in a partially finished house and turn it into their dream house. The property spans 380 m², of which 280 m² is dedicated to the house itself, over two floors. The living space features 7 bedrooms, a cosy salon with a fireplace, a kitchen, and a bathroom. Outside, we can find a private patio with covered BBQ area, the first floor offers a private terrace. The floors and roofs are new, the salon, two bedrooms and bathroom are completed in traditional Spanish style and are ready for immediate use, the rest of the interior is to finish or to reform. In front of the house, there is a 100 m² garage equipped with an old stove and ample space for storage or other uses. The property is connected to essential utilities, including electricity, drinking water, and sewage, with optic fiber available in the area. Notably, the kitchen conceals an old rainwater reservoir beneath it. While this house requires significant renovation, it presents a great opportunity at a bargain price for those willing to invest in its potential.
