Altiplano, Yecla

Exquisite townhouse to reform, located in centre of Yecla, is now available for sale. The property has a built area of 318 m² over two floors. It has 4 bedrooms, a bathroom, a kitchen, a salon with a fireplace and a stylish staircase. Furthermore, the property boasts a very large garage, large cellar and a little "tower" with views over the town. The house is spacious and light, but is in need of a substantial reform. The roof, floors and ceilings are partially collapsed in one part, which resulted in water leakage. The interior is to be finished, furnished and equipped. With a fair amount of work and investment, this property can turn into a luxury home. The townhouse is connected to mains electricity, water (services currently disconnected), sewerage, and optic fibre. Situated on a calm street, conveniently located within walking distance to a variety of shops, services, bars, schools, sports centres, and medical and veterinary facilities, making it an ideal choice for families and individuals alike. Do not miss the opportunity to own this remarkable townhouse in Yecla, where comfort meets convenience. About the area: Yecla is renowned for its wine production, historical landmarks, and vibrant local culture. The surrounding natural landscapes provide opportunities for outdoor activities, while the town itself offers all necessary services, including schools, shops, and restaurants.
