Modern 2-bedroom penthouse with large terrace in Alicante From the first step, the atmosphere conveys serenity and spaciousness. Natural light floods every corner, slipping through the large windows that connect the interior with a spectacular private terrace, the true heart of the home. With two spacious and bright bedrooms, the space invites you to relax. The master bedroom has an en-suite bathroom and details designed for everyday comfort. The second bedroom, equally cosy, offers versatility: whether as a guest room, office or children's room. The two modern and functional bathrooms combine design and practicality. The open-plan kitchen flows into the living/dining room in a contemporary concept. But it is the terrace that is the star of the house. A generous, private and sunny space, perfect for outdoor breakfasts, evenings under the stars or simply to stop time for a few minutes and breathe. LOCATION: Alicante capital is a vibrant and welcoming city, where the essence of the Mediterranean can be experienced in every corner. With more than 300 days of sunshine a year, its mild climate, its urban beaches - such as Postiguet - and its seafront promenade invite you to enjoy the outdoors all year round. The city combines history, modernity and tradition: from the imposing castle of Santa Bárbara that crowns Mount Benacantil, to its soulful neighbourhoods such as Carolinas, El Pla or San Blas, without forgetting the newer, residential areas such as Playa de San Juan or Vistahermosa. Alicante is also a comfortable and well-connected city. The international airport of Alicante-Elche Miguel Hernández is only 15-20 minutes by car from the centre, which facilitates the connection with the rest of Europe. It also has an AVE high-speed train station, tram network (TRAM) and a full range of services: health centres, schools, universities, shops and leisure facilities. All this makes Alicante an ideal city both for year-round living and for investment, with a perfect balance between urban life, proximity to the sea and quality of life.
