Inland Almeria, Pulpí

This development, exclusive development in a privileged setting

The homes are the perfect option for those who are looking for an ambivalent relationship between comfort, avant-garde and innovation, with a modern design and a space that is as welcoming as it is functional.

These homes are made of resistant materials that project an integral behaviour both on a technical and ecological level as well as on an aesthetic level.

We must also highlight the high degree of luminosity of the homes thanks to the large windows that contribute to a greater space and better atmosphere in the home.

Accesses with lifts, swimming pool, green areas, leisure areas, etc.

The flats have 3 bedrooms, fitted wardrobes, complete bathrooms, top quality materials, living room and underground parking space and storage room.

Some of the flats also have a storage room.

This development is located in San Juan de los Terreros, a coastal area surrounded by natural landscapes belonging to the town of Pulpí.
