This magnificent land in Benissa (Benimallunt) offers a unique opportunity to build your dream home or undertake an investment project in a stunning environment. With a total of 33.000 square meters of land, divided into two adjacent plots, this property is a blank canvas for your vision. The first plot generously spans 3.822 square meters, while the second is even more extensive, covering 29.791 square meters. Together, these plots offer a wide range of possibilities. If you're looking to build your perfect home, these plots are the ideal place to do so. Imagine a custom-built house enjoying breathtaking views of the distant sea and the majestic Peñón de Ifach of Calpe. In addition to creating a custom residence, these plots also offer more than enough space to cultivate your own garden or even keep horses, if desired. The vastness of the land allows you to explore your passions for agriculture or animal care in a peaceful and natural setting. On the other hand, if you're considering investing, this land is a strategic choice with the possibility of constructing multiple dwellings on the property. In summary, these two adjacent plots in Benissa offer a world of possibilities. Don't miss the opportunity to turn this property into your own personal paradise or a profitable investment. The potential is limitless on this unique parcel!
