Charming Chalet in Sierra Nevada We present a cozy chalet in the heart of the Sierra Nevada, distinguished by its warm atmosphere and incomparable views. Upon entering, you are welcomed by a living room bathed in natural light thanks to large windows that open onto a private terrace with a glass railing—the perfect place for breakfast with a view or to relax after a day in the mountains. The gabled wooden roof gives it a mountain cabin feel, while the fireplace creates an ideal focal point for the colder months. This chalet is divided into two floors. On the first floor, there is a fully equipped kitchen, dining room, guest bathroom, and living room with access to the terrace. Downstairs, there are four bedrooms and three bathrooms, as well as a sauna. The house maintains traditional finishes (stone and wood) combined with durable, easy-to-maintain ceramic floors. Outside, a stone façade and a covered parking space/private storage room offer comfort and security. Perfect for both families looking for a second home and vacation rental investors, given its aesthetics and functionality.
