Costa Blanca North, Benidorm

We are pleased to present this exclusive development, a building with more than 44 floors, 158 meters high, with more than 200 apartments and an exclusive hotel, on the last piece of land that will have direct views of Benidorm's Poniente beach.

The design of the building will have a new landscape: around it, some dunes will be recreated following the Mediterranean inspiration, which will dialogue with the landscape of the Poniente beach. Surrounded by an idyllic enclave, guests and residents will also be able to enjoy the fresh water of its 2 swimming pools (one of 1,000 m² exclusively for owners; and another exterior, at the beach club, of approximately 1,500 m²).

Its 44 floors will have an energy and water system, indoor air quality, as well as the use of unique and avant-garde materials. You will have the option of choosing between apartments with 1 or 2 bedrooms, the latter having the possibility of turning this space into a dining room, office or living room. All homes have exclusive and wonderful panoramic views of the coast that you can enjoy from their terraces. In addition, you can opt for a parking space to avoid having difficulties when moving around.

This fantastic building will have a sauna, spa, lobby, gym, yoga and Pilates area, coworking spaces, gardens, sky gardens, tennis and paddle tennis court, social club, restaurant, large storage rooms and parking with electric charge for approximately 180 cars.

It will have an auditorium and a Beach Club with three different areas of grass, sand and wood and with direct access from the beach, where you can enjoy the evening light and the Mediterranean lifestyle. In addition, it will also have the LEED Gold seal of sustainability. A skyscraper in the shape of 2 sails joined by a mast that will rise facing the sea with a proposal that is respectful of the environment, in which energy efficiency will be treated as a pillar of the design itself.
