Its famous mineral-medicinal muds have various cosmetic and therapeutic uses that will help you with inflammation, scars and will hydrate and refresh your skin. The gastronomy offered by this town is very traditional due to being a town with a fishing tradition, its star product is fish, which every morning they take fresh from the sea to its famous fish market, where restaurants and bars in the area are supplied. Another of its most appreciated dishes is the famous "Caldero", a type of soupy rice with fish whose origins date back to the fishermen themselves, which over the years has been reinvented and perfected by the restaurants in the area, turning it into a exquisite delicacy.
