The apartment consists of three bedrooms, two stylish bathrooms, a large living room and kitchen in an open plan, a terrace and a patio. The apartment also has a garage space in the same building. When you enter the residence, you are greeted by a large living room with dining room and open plan kitchen, the room is filled with light thanks to four windows that lead out to the terrace. The master suite is the crown jewel of the house, where the smallest detail has received attention. It has a large dressing room and a spacious bathroom with access to the patio, where you can relax. The second bedroom is spacious and there is room for a bed and bedside table. We have converted the third bedroom into a double office, but it is prepared to be able to become a third bedroom. The family bathroom is also stylish with a hotel feel. The building is very well maintained and has a garage space in the same building. The area is unbeatable.
